

Pokemon Availability

v2.4 single-save availability reference generated from the complete v2.2 matrix

Coverage

This replaces the old Non-Included Pokemon document. It contains one row for every National Dex species plus every supported functional form: 1,025 species and 61 form targets. In v2.4, Elm and Oak also offer deterministic random gifts; Bulbasaur, Charmander, Squirtle, Chikorita, Cyndaquil and Totodile remain available in the Route 34 wild tables.
